INDEPENDENT AUDITORS' REPORT

To the Board of Directors and the Shareholders of
Transec Concesiones S.A.

We have audited the accompanying financial statements of Transec Concesiones S.A. (the "Company"), which comprise the statements of financial position as of December 31, 2019 and 2018, and the related statements of comprehensive income, changes in equity, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Information

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board (IASB). This responsibility includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We performed our audits in accordance with auditing standards generally accepted in Chile. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the preparation and fair presentation of the entity's financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we do not express such opinion. An audit also includes assessing the appropriateness of the accounting policies used and the reasonableness of the significant estimates made by the Company's Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Transelec Concesiones S.A., as of December 31, 2019 and 2018, and the results of its operations and its cash flows for the years then ended in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board (“IASB”).
