

INDEPENDENT AUDITOR'S REPORT

To the Shareholders and Board of Directors of
Transelec S.A.

Opinion

We have audited the consolidated financial statements of Transelec S.A. and its subsidiaries (the "Company's"), which comprise the consolidated statements of financial position as of December 31, 2023 and 2022, and the related consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Company's as of December 31, 2023 and 2022, and the results of its operations and its cash flows for the years then ended in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board.

Basis for Opinion

We conduct our audits in accordance with auditing standards generally accepted in Chile. Our responsibilities under those standards are further described in the paragraphs of the "Auditor's Responsibilities for the Audit of the Financial Statements" section of this report. We are required to be independent of the Company's, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board. This responsibility includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to assess whether there are conditions or events that, considered in the aggregate, give rise to substantial doubt about the ability of the Company's and its subsidiaries to continue as a going concern for at least, but not limited to, twelve months from the end of the reporting period.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in Chile will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than a material misstatement resulting from error, as fraud may involve collusion, forgery, intentional omissions, concealment, misrepresentations, or management override of controls. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in Chile, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to an audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the appropriateness of the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events that, considered in the aggregate, raise substantial doubt about the Company's ability to continue as a going concern for at least, but not limited to, twelve months from the end of the reporting period.

We are required to communicate to those charged with governance, among other matters, the planned scope and timing of the audit, and the significant audit findings, including any significant deficiency and material weakness in internal control that we identified during the audit.

The accompanying financial statements have been translated into English solely for the convenience of readers outside Chile.
